Section 1. Introduction

1.1. What is ePermit System?

ePermit is a web-based applications system developed, hosted and managed by Dagang Net Technologies Sdn Bhd (DNT) and provides an Application Service provider (ASP) model of service to communities of Permit Issuing Agencies (PIA) and Importer/ Exporter to apply and manage permit application online.

By using the application, the Importer/ Exporter will be able to supply and manage permit via online and next to track the application progress subsequently. Whilst the OGA will be able to view and process (approval etc) permit applications submitted directly from the system.

1.2. How does ePermit System Benefit Me?

- Reduces Turnaround time – faster processing of permit
- It is convenient – ePermit is accessible from any computer that is connected to the internet.
- Ease of Use – user friendly even for non-PC savvy
- Multi-Tasking – access to various value-added services. For example, Tariff Codes, Location Codes.

1.3. Who Should Read This Publication?

This user manual is designed to accommodate the specific requirements of each user. This publication (or topic collection) is intended for:

- i. Trader
- ii. Forwarding Agent

1.4. About This Document

This publication is to provide an overview on how Traders/ FA can create and view applications and deeper understand on the system with step by step helps.

1.5. Support Information

Should there be any issues arising from the use of the system, please contact Dagang Net's Careline.

Call our CARELINE at **1300 133 133**

or email to careline@dagangnet.com

CARELINE is available 24 hours daily, including public holidays
